**Bachelor of Science Degree: Computer Science with Cyber Security**

#### **1<sup>st</sup> Year**

##### **Semester 1**

Computing    A\*  
(94%)  
Mathematics    A\*  
1    (93%)  
Hardware    A\*  
and Network    (83%)

Academic    B (65%)  
English Skill

##### **Semester 2**

Mathematics    A\*  
2    (94%)  
Software    A\*  
Design    (91%)  
Professional    A (78%)  
Engineering

#### **2<sup>nd</sup> Year**

##### **Semester 1**

Algorithms    A\*  
Processes and Data    (88.4%)  
Computational    A\*  
Mathematics 1    (96%)  
Introduction to    A\*  
Digital Forensics    (86%)

##### **Semester 2**

Operating System  
Cyber Security  
Team Project

### **Academic Representative Computer Science with Cyber Security    (October 2021 – Present)**

Academic Representatives are students who offer their time to connect the University with the day-to-day experience of students. Academic Representative obtain feedback to about how the course is going. They listen to student concerns, handle one-off issues with University staff, and discuss these issues at student panel and course committee meetings.

### **Scholarshome, Sylhet. (July 2017 – July 2019)**

**Higher Secondary Certificate** equivalent to A-Level

Information Communication and Technology – A\*

Physics – A; Chemistry – A; Mathematics – A; Biology – A

### **Police Line High School, Sylhet. (June 2017 – June 2017)**

**Secondary School Certificate** equivalent to GCSC/O level

Physics A, General Mathematics & Higher Mathematics A\*, Chemistry A, Physics A, Biology A, Information Communication & Technology A\*

## Key Skills

- Java
- C++
- Html, CSS, & PHP.
- Linux (Ubuntu, kali)
- JavaScript
- Python
- Digital Forensics (Mobile, Network, Image and Memory)
- Git & GitHub
- MS Office
- Language (Bangla – Native, English – IELTS 6.0)

## Experience

### **Google Developer Student Club (January 2021 - Present)**

#### University of Huddersfield

As a part of core team, I have played a role to organise three (Git & GitHub, Coding Interview Prep. And Introduction to Docker) workshop. The responsibilities of marketing of any on campus event belongs to me.

### **Monpura Limited (Nov 2021 present)**

#### Customer Service Assistant and IT professional

I developed an application using java to make it easy for the staff to take food orders, make bills, and monitor staff attendance. My responsibilities include maintaining company computers and overall customer satisfaction. I also undertake social media marketing for Monpura on Facebook.

### **Chadderton Pharmacy (July 2021 - October 2021)**

#### Sales Assistant

Tasks included greeting customers and handling inquiries, processing cash, credit card, and online payment transactions, updating client records in the company's database as required, handling product returns and payment refund requests, organizing products on shelves and display units, unpacking and sorting new stock deliveries, and managing the store's inventory.

### **Academic Buddy University of Huddersfield (April 2021 – July 2021)**

#### **Volunteer**

Helping students in Computing (C++ basic concepts) to aide understanding as well as providing support for assignments and upcoming course work. Demonstrated clear communication skills.

### **Zaika Cuisine (February 2021 – July 2021)**

#### Customer Service Assistant

Learning about menu changes and specials through daily meetings with managers. Taking orders and answering any questions customers may had about menu items and ingredients. Assigned orders to the kitchen staff and communicating well as a team. Served food and drinks to the tables and establishing customer satisfaction. Preparing cheques for customers and processing payments through cash or credit card and returning any balances.

## Interest & Hobbies

- Programming problem solving and participating in online programming contests.
- Reading Novels
